

## Planning and Calendaring from the Inside Out

---

\*Do the visioning process first

What are your top 3 projects you are going to focus on this year in your business?

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

How will that serve your purpose? \_\_\_\_\_

How will that serve your mission? \_\_\_\_\_

How will it serve your wealth? \_\_\_\_\_

What is your resistance or what is stopping you? \_\_\_\_\_

What is one inspired action you can take that will clear what is stopping you? (You can use one of the clearing processes)

\_\_\_\_\_

Which project is your #1 priority? \_\_\_\_\_

Which project is your #2 priority? \_\_\_\_\_

Which project is your #3 priority? \_\_\_\_\_

\*\*Go to your calendar and with the Astrology transits in mind, calendar your projects. Do a Project Flow planner for each one. (You can just do one for number one to start with.)
